

# Shubham Gulati

Software Engineer - Full-stack Developer - 6+ Years Experience - B.Tech & M.Tech in C.S.E.

Toronto, ON, Canada - [linkedin.com/in/iamshgulati](https://www.linkedin.com/in/iamshgulati) - [shubhamgulati.com](https://shubhamgulati.com)

## SUMMARY

---

AWS certified Software Engineer with over 6 years of experience at leading U.S. and Canadian consulting firms with a proven track record of building innovative solutions for customers. Experienced in using Java and Microservices frameworks to build backend services for the cloud. Proficient in full-stack development and building large-scale distributed systems with asynchronous messaging to deliver robust, efficient and secure applications across diverse technological ecosystems in an agile environment.

## EMPLOYMENT HISTORY

---

### Senior Consultant

Jun 2022 - Nov 2022

Deloitte | Bangalore, Karnataka, India

- Led backend team to implement flexible usage reporting methods, enhancing data accuracy and achieving time and cost savings.
- Championed software engineering best practices, significantly reducing production bugs and reducing system integration issues.
- Actively participated in bi-weekly sprint planning, clarifying ambiguous requirements, and aligning team with organizational goals.
- Implemented Agile methodologies and mentored peers and new hires, accelerating onboarding and boosting team productivity.

### Consultant

Sep 2019 - May 2022

Deloitte | Bangalore, Karnataka, India

- Spearheaded the development of a versatile Notification Service, enhancing the user engagement through personalized alerts.
- Led the configuration externalization initiative for all microservices, enhancing the security posture and operational efficiency.
- Created a reusable microservices foundation using Spring Boot starters, JPA, and Hibernate, increasing development velocity.
- Architected personalized features, enhancing user experience through cross-functional collaboration and industry best practices.

### Business Technology Analyst

Apr 2018 - Aug 2019

Deloitte | Bangalore, Karnataka, India

- Migrated a legacy HR Portal monolith to a cloud-native Microservices architecture, enhancing the Employee Lifecycle management.
- Developed over 750 REST endpoints using Java and Spring Boot, improving scalability of complex HR operations during peak loads.
- Seamlessly delivered complex modules like Mergers & Acquisitions and Total Target Cash by collaborating with the domain experts.
- Provided organized API collections and OpenAPI endpoints, enhancing team productivity through comprehensive documentation.

### Associate Software Engineer

Aug 2016 - Apr 2018

CGI Inc | Bangalore, Karnataka, India

- Migrated web services from Oracle WebLogic to a modern tech stack using Java and Spring Boot for an M2M IoT billing platform.
- Spearheaded the development of a framework using Apache Zookeeper, streamlining operations and improving system availability.
- Developed comprehensive unit tests with JUnit and Power Mockito, increasing testing code coverage and making the code robust.

## RELEVANT SKILLS

---

- **Backend:** Microservices, JVM, Java, Kotlin, Spring Boot, Spring Cloud, Dropwizard, Quarkus, Apache Kafka, RabbitMQ
- **Patterns:** API Gateway, Circuit Breaker, SAGA, Event Sourcing, CQRS, Object-oriented, Functional, Reactive
- **Web Technologies:** RESTful APIs, HTTP, JSON, React, JavaScript, TypeScript, HTML, CSS, Next JS, Tailwind CSS
- **Architecture:** Domain-driven design, Event-driven, Asynchronous messaging, AWS, GCP, Docker, Kubernetes
- **Databases:** SQL (MySQL, PostgreSQL), NoSQL (MongoDB), JDBC, JPA, Hibernate
- **Tools:** Git, GitHub Actions, Postman, SonarQube, Jira
- **Other:** Agile, Scrum, Code review, Navigating ambiguity, Best practices, Cross-functional collaboration, Mentoring

## LICENSES & CERTIFICATIONS

---

- **AWS Certified Solutions Architect Associate**, Amazon Web Services (AWS), FPDELC1KXFF1QXK5
- **AWS Certified Cloud Practitioner**, Amazon Web Services (AWS), JJMV6422RJ1Q1NWW

## EDUCATION

---

- **Postgraduate Certificate**, Computer Application Security, Conestoga College, Waterloo, ON, Canada, 2024
- **Postgraduate Certificate**, Cloud Computing and Blockchain, Saskatchewan Polytechnic, Saskatoon, SK, Canada, 2023
- **Master of Technology**, Computer Science and Engineering, Jaypee Institute of Information Technology, Noida, UP, India, 2015
- **Bachelor of Technology**, Computer Science and Engineering, Jaypee Institute of Information Technology, Noida, UP, India, 2014

## HONORS & AWARDS

---

- **President's Honor List Award**, Conestoga, Top of the merit list in Computer Application Security, 2024
- **High Distinction Award**, Conestoga, Outstanding academic achievement in Computer Application Security, 2024
- **Best of Program Award**, Conestoga, Best Capstone Project in Computer Application Security program, 2024
- **Dean's List Award**, Saskatchewan Polytechnic, Outstanding academic achievement in Cloud Computing and Blockchain, 2023
- **Applause Award**, Deloitte, Technical contribution to the success of the eCX project, 2022
- **Outstanding Award**, Deloitte, Technical contribution to the success of the STAR Migration project, 2020
- **Outstanding Award**, Deloitte, Technical contribution to the success of the HRally project, 2019
- **Applause Award**, Deloitte, Project delivery excellence during the development of the HRally project, 2019
- **Spot Award**, Deloitte, Critical support during CSP 2.0 project go-live, 2019
- **Applause Award**, Deloitte, Delivery excellence during CSP 2.0 project development, 2018
- **Apex Award**, CGI, Unsupervised delivery, and individual contribution to the M2M GDSP project, 2017

## PROJECTS

---

- **Blog**, Built a personal website/blog using React, Typescript, and Next.js, with an automated CI/CD pipeline using GitHub Actions.
- **OSCAR EMR**, Contributed to software supply chain security of open-source OSCAR project used in Canadian Healthcare industry.
- **Emoverse**, Built a full-stack journaling platform using AWS serverless services, and fully automated CI/CD pipeline.
